

THE Parking Lot PROJECT

The deterioration of the parking lot is quite noticeable.

The crumbling pavement and the bumpy potholes make driving into the Shrine parking lot an unhappy adventure.

THE PARKING LOT PROJECT

The Shrine Parking Lot is in desperate need of repair.

When visitors pull into the parking lot, the deterioration is immediately noticeable.

The crumbling pavement and the bumpy potholes make driving into the Shrine lot an unhappy adventure. Most visitors find themselves zigzagging through the parking lot trying to avoid the potholes.

The parking lot is used throughout the year by visitors attending Liturgy, visiting the chapel or stopping by the gift shop. In addition, the parking lot sees much use during the Feast of the Assumption, wedding receptions, and other special events.

The lot is quite large so it can accommodate the touring buses during the August Pilgrimage, the Feast of Our Lady of Lebanon and groups throughout the year.

The frequent use of the parking lot and its sad state has forced the Shrine to consider its repair and repaving. The estimated cost for this project is \$150,000. While this may seem like a lot of money, the parking lot size should be noted and the necessity of installing proper drainage.

To cover the cost, the Parking Lot Project has been launched. The goal is to have as many donors as possible contribute \$100 per square yard. In this way, many people will be able to help with this very necessary project. To reach the goal of \$150,000, the project will need 1500 donors.

We know times are tough, and we are truly grateful for each and every donation received. If you feel this is a project you would like to donate to, please let us know by filling out the form in this brochure.

Thank you for your kind generosity and your many sacrifices.

May Our Lady wrap you in Her mantle of love!

The crumbling of the pavement is quickened by Ohio's harsh winter storms.

Pools of standing water form after rainfall.

If you would like to donate to the Parking Lot Project, please fill out the form below.
